ARTICLE 1 - GENERAL INFORMATION

ART 1.1 - SCOPE

As part of the Erasmus+ mobility programme, the Traineeship project enables university students to have a traineeship abroad in companies, training centres, research centres or other organisations based in one of the following country groups:

- **the so-called Programme Countries group**, which includes: EU Member States, European Economic Area countries (Iceland, Liechtenstein, Norway), EU candidate countries (Turkey, Serbia and the Republic of North Macedonia);
- **the so-called Partner Countries group**, which includes: all countries in the world that do not belong to the Programme Countries group. **NB United Kingdom, Switzerland and Faeroe Islands are in this group.**

Students enrolled at UniTo, but not resident in Italy, cannot do their mobility in an institution/university in their own country of residence. It is the student's responsibility to check if the University has the correct residence data.

IMPORTANT!

It should be noted that mobility might be suspended, changed, interrupted or cancelled for security reasons should the Ministry of Foreign Affairs and International Cooperation advise against travel to the student's chosen destination. This also applies to the University of Turin having consulted parties involved.

Mobility is only available for students interested in doing a traineeship that is consistent with their course programme.

This Programme provides students with financial contribution to cover some of their costs during their traineeship abroad. Considering the monthly grants allocated to the School of Medicine - funded by the Erasmus+ National Agency INDIRE, the MUR (Ministry of University and Research) and the University of Turin (now referred to as UniTo) - Call 2024 will allocate a total number of monthly grants equal to **206** including a maximum of **32** monthly grants for mobilities towards Partner Countries, excluding mobilities towards the United Kingdom and Switzerland, for which there will not be any limitations from the CALL 2024. Monthly grants are distributed proportionally to the number of eligible applications received, awarding at least 2 monthly grants per Department.

ART. 1.2 - PARTICIPATION REQUIREMENTS

All UniTo students regularly enrolled (including part-time) in an undergraduate degree programme, postgraduate programme, 6-year postgraduate degree from the School of Medicine can apply for this Erasmus+ Traineeship Call. UniTo PhD students correctly enrolled in a PhD programme can apply to this Call, provided that their coordinator is affiliated to one of the Departments of the School of Medicine.

N.B.: PhD students with more than one supervisor can apply to only one Erasmus+ Traineeship Call in the University for the CALL 2024.

Please note that:

- *Professional Education (L/SNT2)* students can refer to this Call for traineeship mobility;

- *Sciences and advanced techniques in sports* (LM-68) and *Sciences and techniques of adaptive physical activities* (LM-67) students must refer for Traineeship mobility to the Call issued by the Department of Psychology and SUISM.

The Erasmus+ Programme allows students to carry out more than one mobility experience for study and traineeship during their university career. Basically, any student can receive contributions for a maximum of 12 months for each study cycle, regardless of the number and type of mobility (Erasmus+ for Studies and/or Erasmus+ for Traineeship). Maximum mobility for 5/6-year postgraduate degree programme is 24 months.

Recent/new graduates are also eligible for the Erasmus+ for Traineeship mobility programme.

Online mobility, including online components of blended mobility, is not included when calculating the number of maximum monthly payments for each study cycle.

Students meeting the following criteria can apply for Erasmus+ for Traineeship:

- First-, second- and third-cycle students who have already received an Erasmus+ grant, but still have two months (60 days) left for the study cycle which they intend to apply for;
- First, second and third-cycle students who have received or will receive an Erasmus+ for Studies grant in the same academic year, provided there is no - even partial - overlapping and that the total period does not exceed 12 months per Degree course (24 months for single-cycle Degrees).
- Undergraduate/postgraduate and/or post-doctoral students who intend doing their placement after graduating, provided they apply before their university course finishes. Mobility must begin once they have graduated and end within 12 months after graduating or **no later than 31 July 2026**. Months worked after graduating will count towards the number of months available for the study cycle during which the application was made.

Applicants must:

- be on track with their studies: students, enrolled for a.y.2024/2025 outside the prescribed time for their degree programme (*fuori corso* or *ripetente*), will be automatically excluded from the ranking;
- be enrolled at least at the second year of an undergraduate degree programme, at the third year of 6-year postgraduate degree programme (first year of a postgraduate degree programme) at the time of their application;
- enclose when applying an official letter signed by the host institution, stating the availability in hosting the candidate for a traineeship of at least 2 months (e-mail exchanges are not formal acceptance letters, so they will not be accepted).

Applicants must have an adequate knowledge of the so-called target or host country's language.

The adequate knowledge must be proved in one of the following ways:

- international certifications of at least B1 level according to the Common Frame of Reference for Languages (CEFR), validated by AICLU; check here: <https://www.cla.unito.it/it/valutazione-linguistica-e-certificazioni/certificazioni-validate-dall-aiclu>;
- language certificate issued by the CLA-UNITO, certifying B1 level (CEFR);
- high school or secondary school diploma stating a language of instruction (medium of instruction) different from Italian and coherent with the target or host country's language;

- enrolment to a degree programme held in English, if this is the target or host country's language;
- other language certificates, certifying B1 level (CEFR), not present in the AICLU list, will be submitted to the evaluation of the selection Committee.

ART. 1.3 - ORGANISATIONS HOSTING INTERNS

The hosting organisation could be an Erasmus Charter Institution for Higher Education or public or private organisation active in the labour market or in areas such as education, training and youth.

For example, the organisation could be:

- a small, medium or large public or private enterprise (including social enterprises);
- a local, regional or national public body;
- a professional or work representative, including Chambers of Commerce, craftspeople or professional associations and trade unions;
- a research institute;
- a foundation;
- a school/institute/educational centre (any level from pre-school to secondary education, including vocational and adult education);
- a non-profit organisation, association or NGO;
- a body for vocational guidance, career counselling and information services.

The traineeship must take place in one of the countries eligible for this Call.

The following **are not eligible** as Erasmus+ for Traineeship host locations:

- EU institutions and other EU bodies including specialised agencies. See full list here: http://europa.eu/european-union/contact/institutions-bodies_en);
- organisations managing EU programmes, such as National Agencies (so as to avoid any conflicts of interest and/or double funding).

ART. 1.4 - DURATION OF THE TRAINEESHIP

The traineeship funded by this Call will last minimum 2 months.

The Erasmus Plus programme states that in-person mobility lasting less than **2 months (60 days)**, in accordance with the counting methods provided by the Erasmus+ programme: [Erasmus+ National Agency Calculator](#) available on the [Erasmus Traineeship page](#) – Section *Documenti*) is not valid unless the Erasmus+ National Agency INDIRE applies the *force majeure clause*.

Students will be able to do blended mobility by combining their mobility abroad with online coursework, provided they meet traineeship mobility objectives agreed in the Learning Agreement for Traineeship and mobility lasts a minimum of 60 days.

If necessary, students can have a break between online mobility and mobility abroad as long as the minimum duration of mobility abroad is respected and everything is completed by 31/07/2026.

Should conditions related to emergency situations not allow the participant to complete their mobility abroad, mobility coursework completed fully online will be considered eligible for credit recognition. Totally online mobility coursework can therefore be recognized in terms of CFU within the student's career plan, if it is Type A - mandatory traineeship or Type B - voluntary traineeship with supernumerary credit recognition.

Students should note that their grant will only be awarded while abroad for blended mobility and no mobility grant will be awarded for exclusively online mobility. The physical mobility component of blended mobility abroad must respect the minimum length of 2 months (60 days). As established by the European Commission and the Erasmus+ National Agency INDIRE, participants based in the host country and doing their coursework online will be entitled to the contribution as their mobility will be considered mobility abroad.

Students cannot start their mobility before the eligible candidate list has been published and beneficiaries have accepted.

The mobility period cannot begin before 01/01/2025, and must in any case end no later than 31/07/2026.

PLEASE NOTE: students cannot sit exams or graduate from the University of Turin during their Erasmus+ mobility for Traineeship.

ART. 1.5 - TYPES OF TRAINEESHIP

There are two **types of mobility** in this Call:

A. CURRICULAR TRAINEESHIP

- Traineeship awarding credits (CFUs) necessary to graduate;
- Traineeship as part of a PhD.

B. EXTRACURRICULAR TRAINEESHIP

- Voluntary traineeship (extra credits or not recognised);
- Postgraduate or PhD Graduate traineeship (within 12 months from the graduation date).

The type of mobility (Type A or B) that students state in their application form is binding and must correspond to what they actually do during their mobility, unless there are justifiable reasons or the force majeure clause applies.

ART. 1.6 – RECOGNISING THE EXPERIENCE

Erasmus+ for Traineeship is an educational traineeship experience and, as such, is governed by the Learning Agreement for Traineeship and the [International Mobility Degree Programme Coordinator](#) must approve its contents before the student leaves. This must be in accordance with the [University Guidelines for recognising coursework while abroad](#).

- *Curricular traineeship*

Curricular traineeship activities will award credits (CFU), so applicants must check the availability of credits for curricular traineeships or credits of their choice in their career plan, before applying and in line with their course regulations.

The Erasmus+ Traineeship mobility will be recorded in the [Diploma Supplement](#).

PhD mobility students are responsible for checking how to have their mobility experience recognised as part of the doctoral programme and based on their course provisions.

Students can request credit recognition - in compliance with what established by the Learning Agreement for Traineeship and in compliance with the rules of the cohort of the programme they belong – only for traineeships related to the year of the programme they are attending during the mobility or to the year after. **Under no circumstances traineeships scheduled in previous years in the study plan will be considered valid, unless otherwise approved by the International Mobility Degree Programme Coordinator.**

- *Extra-curricular traineeship*

Extra-curricular traineeships can be:

- recognised with surplus course credits (CFUs);
- voluntary, without recognising training credits (CFUs);
- completed as a recent graduate.

The Erasmus+ Traineeship for extra-curricular placement may be recorded as an international mobility activity within the [Diploma Supplement](#) provided that the mobility period is completed before the final degree is awarded. If, on the other hand, the extra-curricular internship is carried out after the degree has been awarded, this activity cannot be reported within the Diploma Supplement, as the activity is carried out outside the academic career and the graduate's career will already be concluded.

ARTICLE 2 - FINANCIAL CONTRIBUTIONS

Mobility financial contributions are funded by the Erasmus+ National Agency INDIRE, the MUR - Ministry of University and Research and/or the University of Turin.

Contributions consist of the following:

- A. MONTHLY GRANT** (EU amounts), paid to all students selected for an Erasmus Traineeship CALL 2024 Mobility, based on the COUNTRY OF DESTINATION and corresponding to the following amounts:

<p>IMPORTANT!</p> <ul style="list-style-type: none"> Countries highlighted in red are those for which the monthly amount has increased based on the new guidelines of the National Agency Erasmus+ INDIRE for the CALL 2024; Mobility participants going to Switzerland will not receive contributions from Type A if they also receive mobility Grant contributions directly from the Swiss Government. The Host Universities/Institutions will define mobility grant payment methods and timing. If, however, the Swiss government does not proceed with the payment of mobility grants for the relevant academic year, a monthly contribution equal to the amount due for Group 1 countries will be paid by the Università degli Studi di Torino. 	

- B. EXTRA MONTHLY CONTRIBUTION FOR PARTICIPANTS IN DISADVANTAGED ECONOMIC SITUATIONS and/or LESSER OPPORTUNITIES**

The grant amount is based on the student's economic situation or condition as specified below and will be paid to students in at least one of the following conditions:

- a. ISEE value up to €50,000.00, based on the following table/distribution:

Amount TYPE B - Erasmus+ for Traineeship additional contribution

26,000 < ISEE ≤ 30,000	€ 300
30,000 < ISEE ≤ 40,000	€ 200

- g. children of disabled claimants, war orphans, the civilian blind, amputees and invalids of war, work and service, and their children;

For the purposes of this Call, students meeting conditions in Points b. and g. are considered to have fewer opportunities and are treated like students with an ISEE value of less than or equal to €13,000. Consequently, they will receive a grant of €450 per month and are eligible for any further grants due to those with an ISEE value of less than or equal to €13,000.

The ISEE and/or ISEE Equivalent or GDP per capita PPP value is based on data the University holds for the academic year 2024/2025 and on the Fees and Contributions Regulations for the academic year 2024/2025. See the [Fees and Contributions Regulations for the academic year 2024-25 - Annex A](#) for GDP per capita PPP value.

Students who are exempt from or not required to pay the student contribution in accordance with article 3.3 or article 15 of the Academic Year Fees and Contributions Regulations, 2024/2025 and who are not an above-mentioned case for reduced opportunities, must request the ISEE/ISEE Equivalent valid for subsidised benefits for the right to university study for the year 2024 in order to access the additional contribution B. Alternatively, they can request the use of the GDP per capita PPP value, in accordance with the deadlines and methods set out in the Fees and Contributions Regulations 2024-25. The ISEE/ISEE equivalent must be sent by email to the address: internationalexchange@unito.it by and no later than 28/02/2025.

C. CONTRIBUTIONS FOR 'SPECIAL NEEDS'

There is an additional EU contribution based on **real costs** for Mobility students with **disabilities** and **special needs**. Candidates can access this contribution by making a specific request based on methods and timing defined by Erasmus+ National Agency INDIRE. Students with a disability certificate should consult the University portal here: www.unito.it - International - Studying and working abroad - Erasmus+ - [Erasmus+ for people with disabilities/special needs](#) and contact the International Mobility Office (internationalexchange@unito.it) for more details.

D. TRAVEL CONTRIBUTIONS

Two different types of contributions are available to support students' travel expenses for the purposes of Erasmus+ Mobility as per Erasmus+ 2021/2027 programme Action 1 in order to make international mobility inclusive and **sustainable**. Please note that the Erasmus+ 2021/2027 programme aims to encourage **green** transport, i.e. travel that emits a low level of Co² emissions (such as train, car sharing or bus).

In implementing the Erasmus+ 2021-2027 programme, the University of Turin recognises specific travel grants that can be accessed on an exclusive basis and, **therefore, cannot be accumulated**:

- 1) **TYPE 1: TRAVEL GRANT** is awarded to Erasmus Traineeship Call 2024 grant holders who do their mobility in **PARTNER COUNTRIES (excluding Faroe Islands, Switzerland and United Kingdom)**.

The TRAVEL GRANT:

- ❖ is a *one-off* amount paid for a return trip;
- ❖ varies based on EU level identified mileage bands and type of ("*standard*" or "*green*") journey, as detailed below:

1.1 'Standard' Travel Grant

For those who use **standard means of transport** (i.e. flights, etc.) to reach their Erasmus destination, based on the following table:

Requirements and amounts of 'STANDARD' TRAVEL GRANT

--	-----------------	-------

1.2 - 'Green' Travel Grant

It is awarded to those who choose to use **environmentally friendly means of transport** (such as train, car sharing or bus, etc.) in order to reach their Erasmus destination. Students must keep proof of their expenses as evidence of their green journey in order to access the "Green" Travel Grant. The International Mobility Office will request supporting documents at the end of mobility. The "Green" Travel Grant is made up as follows:

- **One-off travel contribution** depending on the mileage band as per the table below;
- a value corresponding to the daily amount related to the monthly grant (i.e. TYPE A/30days + possible TYPE B/30days= per diem amount due). This amount will be paid for each day the student travels "green" (both outward and return) needed to reach the destination and for a maximum of four days.

Beneficiary Requirements	Mileage band	Green Travel Grant Amount
Erasmus Traineeship CALL 2024 Mobility to Partner Countries (not UK, Switzerland or Faroe Islands) - undertake a Green journey to reach the Erasmus destination; - submit proof of travel expenses incurred	Between 10 and 99 KM	€56
	Between 100 and 499 KM	€285
	Between 500 and 1999 KM	€417
	Between 2000 and 2999 KM	€535
	Between 3000 and 3999 KM	€785
	Between 4000 and 7999 KM	€1188
	8000 KM or more	€1735

2) TYPE 2: "TOP UP TRAVEL GREEN": a specific contribution to support environmentally friendly means of travel is awarded in order to encourage the use of *green* means of transport, as stated in the "Linee Guida per la mobilità *Green*" published on the University website. The travel will be considered "green" only if the majority of it is *green*.

The **TOP UP Travel Green** contribution consists of the following:

- One-off travel contribution of €50.00;
- A value corresponding to the daily amount related to the monthly grant (i.e. TYPE A/30days + possible TYPE B/30days= per day amount due). This amount will be paid for each day of *green*

travel (both outward and return) necessary to reach the destination and for a maximum of four days.

The **TOP-UP Travel Green**:

- is awarded to the Participant who opts for green travel to travel to a Programme Country destination or to the United Kingdom, Switzerland and the Faroe Islands;

- is awarded at the end of the mobility and following the submission and eligibility assessment by the International Mobility Office of receipts of expenses incurred proving the choice of green travel and the time required to reach the destination, in accordance with the "[Linee Guida per la mobilità Green](#)" published on the University portal.

For the sole purpose of eligibility of the contribution for the "green" travel days under this grant item, the place of departure will be considered to be the Università degli Studi di Torino or, possibly, based on the documentation produced by the participant, the place of residence.

It should be noted that in case of insufficient funds:

- the number of months covered by the country contribution (TYPE A) may be reduced proportionally;
- for the payment of the supplementary contribution for students in economically disadvantaged situations and/or with fewer opportunities (TYPE B), priority will be given to students with lower ISEE, until the budget available for this type is exhausted.

ART. 3 – PAYMENT METHODS AND TIMING

Contributions are paid into the Participant's Italian or European bank account in their name provided they have signed the mobility agreement which is regulated as follows:

First payment consisting of:

- **100% of TYPE A - monthly grant, by destination country;**
- **100% of TYPE B – extra monthly contribution for participants in disadvantaged economic situations and/or with fewer opportunities, if applicable;**
- **100% of TYPE D - Type 1.1 "Standard Travel Grant", if applicable.**

The first payment will be based on when the international mobility agreement is received, duly completed and signed by the participant. It will be around the 25th day of the month if the International Mobility Office receives the agreement before the first working day of the same month. If it is received after the 2nd working day, payment will take place after the 25th day of the following month. This does not apply to the months of August, December or January when payments are made the following month.

In case a **green trip** has been carried out to reach the Erasmus destination, at the end of the mobility and the administrative closure of the Erasmus Traineeship, and after the submission and verification of the eligibility of the expense receipts certifying the actual realization of the "green trip", any share related to the difference between the amount of the Standard Travel Grant already disbursed and the amount due for the Green Travel Grant will be disbursed.

Contributions received are subject to TOTAL OR PARTIAL RETURN should:

- ✓ **students renounce to the mobility (refund of full amount);**
- ✓ **students fail to submit their Learning Agreement for Traineeship - "After Mobility" certifying actual period of mobility (refund of full amount);**

- ✓ **Mobility abroad be less than the mandatory minimum period of 60 days (refund of full amount), unless due to *force majeure* recognised by INDIRE, the National Agency Erasmus Plus applies.**
- ✓ **reduction of the mobility period as opposed to the period approved in the Agreement (refund of an amount corresponding to the number of days not spent abroad);**

In addition, in case of curricular internships (mobility type A), failure to award career credits within 90 days of the end of the mobility period for reasons attributable to the applicant will result in the return of the supplementary contribution for participants in economically disadvantaged situations and/or for fewer opportunities (type B).

No contribution will be **recognised/assigned for the online part of blended or entirely online mobility**. If the participant spends part of their mobility abroad (blended), they **could however receive the contribution for that time**.

ARTICLE 4 - APPLICATIONS

Candidates can only submit one application for only one host institution in only one country under this Call.

Candidates must indicate the type of mobility they would like to do on their application, whether mandatory traineeship (Type A) or voluntary traineeship (Type B) and the choice between mobility to Programme or Partner Countries.

Students must apply via [this form](#) available on the School of Medicine website.

Students must enclose to their application:

- 1) Acceptance Letter, signed by the host institution (a sample template is made available on the School of Medicine [Erasmus+ Traineeship webpage](#));
- 2) Language Certificate or other document for the proof of the linguistic competence, as per art.1.2 of this Call;
- 3) Copy of a valid ID/passport;
- 4) Only for students enrolled to the 1st year of a Postgraduate programme or for PhD students: self-certification of degree with exams of the previous study cycle (or certificate, in case the degree was obtained abroad)

The deadline for submitting applications is 19/11/2024 at 12:00 pm.

ARTICLE 5 - SELECTING CANDIDATES

ARTICLE 5.1 - SELECTION CRITERIA

The School of Medicine will appoint a special Commission to assess the candidates.

Applicants are only eligible if they meet the criteria in Article 1.2, based on their university career record up until 31/10/2024.

The Commission adopts the following basic selection criteria:

- for students enrolled for the following years: number of credits acquired in relation to the number of credits expected for each year of the programme (max 60 CFU per year) and weighted average of the marks registered by 31/10/2024, following this formula:

*(ratio CFU acquired/CFU expected at 31/10/2024) * weighted average of the marks registered by 31/10/2024*

- for students enrolled to the 1st year of a postgraduate degree programme: Bachelor's degree grade;
- for PhD students: Master's degree grade or average mark obtained during the Master programme in case no grade is available (e.g. foreign titles).

In the event of equal score, priority will be given to those enrolled in the last years of the courses; in the event of a further equal score, to the younger age of the candidate(s).

Candidates who, within the study cycle currently attended:

- have already completed an Erasmus+ Traineeship mobility period;
- have been assigned an Erasmus+ Traineeship mobility, having not withdrawn

will be placed automatically at the bottom of the ranking list.

Candidates who completed an international mobility University programme including Erasmus+ Study, Erasmus+ Traineeship, Double Degree, etc.) in the academic year 2023/2024 and whose coursework abroad has not yet been recognised when this Call is published can expect 5 CFUs per month for each month of mobility (rounded up); the weighted average of their grades currently registered in the student's career plan or their Bachelor's degree grade will be considered if they are a first year Master's degree student.

ARTICLE 5.2 - SELECTION RESULTS

The Commission will distribute to Undergraduate, Postgraduate and 6-year-Postgraduate Programmes for each Department a number of monthly payments proportionally to the number of eligible applications received for each programme type, with a minimum of 2 monthly payment per programme type.

For each Department separately, single rankings (namely, not based on destinations) will be formed in the following way: one ranking for undergraduates; one ranking for postgraduates; one ranking for 6-year-postgraduates and one ranking for PhD students.

For each ranking the Commission will assign to eligible candidates n.2 monthly payments in order of score, based on rankings for undergraduates, postgraduates and 6-year-postgraduates up to depletion of available funds: in case of further availability, each Department will assign monthly payments to candidates enrolled to PhD programmes. Monthly grants not assigned will be distributed on other Departments' candidates' list, proportionally to the number of eligible applications received.

The ranking(s) will be published on the School of Medicine website starting from 2/12/2024.

ART. 5.3 - ACCEPTANCE, REFUSAL AND CLEARANCE

Successful candidates have 5 calendar days to accept or refuse their mobility grant starting the day after the eligible candidate list has been published by sending an e-mail to the International Office of their Hub:

- for the Hub of Medicine Torino, international.medtorino@unito.it;
- for the Hub of Medicine Orbassano and Candiolo, international.medsanluigi@unito.it.

Successful candidates who do not accept the Erasmus+ for Traineeship mobility within the set deadlines will be automatically excluded from the eligible candidate list and will lose all rights to mobility.

Should candidates refuse their mobility grant, the eligible candidate list(s) will consequently be adjusted in accordance with the constraints provided for mobility to Programme Countries and Partner Countries (see Art. 1). Eligible students may benefit from more funding should it become available and this is based on the eligible candidate list(s) in this Call.

Successful candidates must complete the administrative procedures for Erasmus+ for Traineeship mobility before leaving.

ARTICLE 6 - INSURANCE

Mobility students have the same civil liability and accident insurance coverage as University students, throughout their stay abroad and during the course.

When applying, the applicant declares:

- they have checked the Ministry of Foreign Affairs and International Cooperation website (<http://www.viaggiare Sicuri.it>) for information regarding safety and health at the student's mobility destination abroad;
- they have checked the UniTo website - Insurance (<http://www.unito.it/universita-e-lavoro/tutela-e-assistenza/assicurazioni>) for information concerning UniTo insurance policies for third party liability and accident coverage during traineeships abroad;
- they are aware that UniTo policies (third party liability and accidents) guarantee coverage for the insured person(s) within policy limits and only during mobility activities within the time and logistic limits defined in their training project;
- they will not hold responsible UniTo, their Department and associated offices of any liability should they suffer damage occurring outside the time and logistics limits, and activities not directly linked to their mobility.

Consequently, winners of this Call are advised to consider taking out a suitable insurance policy to cover their time abroad (including outside mobility) and expenses for medical and hospital care.

The National Health Service usually provides basic health insurance coverage through the European Health Insurance Card (EHIC) for mobility students going to EU Member States, Iceland, Liechtenstein, Norway and Switzerland. However, European Health Insurance Card coverage may not be sufficient, especially if the student has to come home or needs specific medical care. Private supplementary insurance is therefore recommended for those travelling to these countries. Non-EU winner(s) do not enjoy similar health cover outside Italy even if they have EHIC and so should also take out private health insurance.

Mobility students travelling to countries other than those mentioned are required to find out about the host country's health insurance requirements and take out adequate private insurance that meets official local requirements to cover specific medical care.

The Participant must also check local restrictions or provisions in relation to possible emergency situations.

It should be noted that mobility might be suspended, changed, interrupted or cancelled for safety reasons should the Ministry of Foreign Affairs and International Cooperation advise against travel to the student's chosen destination. This also applies to the University of Turin having consulted parties involved. Students are advised to assess risks carefully concerning their mobility abroad when emergency situations are ongoing and understand the destination country's safety measures.

Please note that departures are always subject to the host organisation acceptance.
