WELCOME KIT
MED SCHOOL

Accademic Year
2023/2024
We have created this guide for all the degree programs at the School of Medicine, with some information and advice that we hope will be useful to you at the beginning of your university career.
INDEX

1. STUDYING
2. CAREER PLAN
3. EDUMETER
4. EXAM REGISTRATIONS
5. TUITION FEES
6. STUDY ROOMS
7. CAFETERIAS
8. LOCATIONS
9. USEFUL WEBSITES
10. LIBRARIES
11. UNITO MAIL
12. PEER-TO-PEER
13. PART TIME COLLABORATIONS
14. SCHOLARSHIPS
15. STUDENTS' MOBILITY
16. STUDENTS REGISTRY OFFICES
From the Campusnet website of your degree program and from the myUniTo app, you can view class schedules and find information about courses and teaching methods.
2 - CAREER PLAN

Every year, from October to May, the period for compiling and modifying your career plan is open, with the possibility to choose the type of commitment, either full-time or part-time (this can be changed until January).

The compilation of the study plan is done online through MyUniTo and allows you to select the educational activities for your course of study.

You must recompile/modify the career plan for each year of regular enrollment and whenever it is necessary to make changes (by the end of May).

Only after you have completed the career plan, you will be able to view the exams on the website and the myUniTO app and enroll in the exam sessions you wish to take.
EDUMETER is a service provided to us for expressing our opinions anonymously about the courses, professors, exams, and internships.

A few weeks before each exam session, a window is opened for filling out EDUMETER, during which you are required to evaluate the courses you attended in the just-completed semester.

Only after completing the evaluation, after about ten minutes, it will be possible to enroll in the exam.
To proceed with booking an exam session, you need to access your MyUniTO account, select "Available Exams" from the Exams menu, view the list of available exam sessions, and enroll in the one you desire.

We highly recommend downloading the myUnito+ app for iOS and Android, where you can easily check the exam schedule and enroll in sessions.

Please note: Pay close attention to the time and location of the chosen exam session, as the exam location may not always correspond to the central campus.

You can also enroll through the app.
5 - TUITION FEES

The contribution is divided into 4 installments. For payment, you can download the document from your myUniTo page (in the "Taxes" section) and proceed to make the installment payment through the PagoPA system.

STUDENT WELFARE MEASURES

- Affordable cost for part-time students.
- No-tax-area for those with an ISEE value up to 23,000€.
- Very favorable contribution tiers for ISEE values up to 40,000€.

*During the ISEE application process, remember to justify it with "benefits for university student welfare."*

You can check the payment status through the app.
Attention: Check the deadline for requesting the ISEE.

At the link https://web.unito.it/simulatore_tasse/, you will find the **TUITION AND FEES SIMULATOR** where you can enter your ISEE value to determine the total amount and how it is divided into the 4 installments.

**THE DUE DATES FOR THE INSTALLMENTS**

1° : October 5, 2023  
2° : November 30, 2023  
3° : March 29, 2024  
4° : May 31, 2024  

For any doubts or exceptions, please refer to the website:  
www.unito.it/didattica/tasse
6 - STUDY ROOMS

To study, you can go to the study rooms provided by the School of Medicine and EDISU, which you can check out at this link: https://www.edisu.piemonte.it/it/servizi/sale-studio-e-altri-servizi/sale-studio

The most frequented ones are:

- Study room VIA CHIABRERA 27
- Study room MICHELANGELO
- Study room ORMEA
- Study room VERDI
- Study room PRINCIPE AMEDEO

ACCESS PROCEDURE
Access to the facilities is exclusively granted prior seat reservations made via the “Campus Piemonte” app
On the **EDISU** website, you can find the locations of **cafeterias** and **affiliated establishments** in Turin and all over Piedmont.

In all cafeterias, access and payment are done according to your tariff bracket using the **Smart card**.

To benefit from **REDUCED RATES** it’s necessary to have submitted and application online; otherwise, you will pay full rate.

Near the Campus in **via Chiabrera** you can find:

- bibliopass
  https://web.unito.it/bibliopass/menu.html
- software unito
  https://www.unito.it/servizi/servizi-line/licenze-software-campus-di-ateneo

LET’S TAKE A LOOK
CAMPUSNET

Campusnet is the reference platform where you can find all the useful information for your degree program. Each degree program has its own specific website.

Notices and communications regarding teaching and services are posted here, so consult it often!
A fundamental service that allows you to consult FAQs and, in case of doubts or issues, just open a ticket!
Bibliopass allows you to access journals, ebooks, and online databases acquired by UniTO even outside the University, for example from home or from a mobile device.
For the student community, free versions of software are made available including **Office 365 Pro Plus**, **MATLAB**, and many others.
OTHER USEFUL WEBSITES

Tutorato Medicina Torino – Facebook Page
where you can find all the events offered by us:

Instagram Profile of Tutorato Medicina:
https://www.instagram.com/tutoratomedicalina/

Instagram Profile og Polo di Medicina:
https://www.instagram.com/polo_medicina_torino/
10. LIBRARIES

The libraries of the University of Turin, organized by disciplinary areas, are spread across approximately **30 locations** throughout the territory and house over **3.3 million** print documents (books, journals, maps, music, video resources), around 185,000 ebooks, 97,000 ejournals and 150 databases!

The libraries, together with the dedicated library service facilities, constitute the **University Library System (SBA)**, which aims to coordinate activities related to the preservation, development, enhancement and management of both physical and electronic document collections.

Furthermore, the Catalog of the Research Bibliographic Network allows you to perform joint searches of the physical collections of the university libraries and those of over 20 other research institute libraries in the area.

https://www.unito.it/ateneo/strutture-e-sedi/strutture/biblioteche

https://www.sba.unito.it/it
The ‘BFM’ Biblioteca Federata di Medicina "Ferdinando Rossi" gathers the library services of the medical departments at the University of Turin.

**YOU CAN FIND:**
- consultation and study areas
- book loans
- ebook
- educational resources
- online journals
- catalogs
- databases

**WHERE:**
- Polo Biologico
- Polo CTO
- Polo Molinette
- Polo San Luigi
- Presidio Dental School
- Polo Rosmini Professioni Sanitari

**Long-term loan:** up to a maximum of 3 books for 20 days (40 days for EDISU books requested by students); renewable for an additional 20 days.

**Short-term loan:** up to a maximum of 3 books (particularly in demand and used for study) for 7 days, renewable for an additional 7 days.

Access is mandatory by reservation, which can be made through the ‘Affluences’ app.
Once you fully enrolled your new account mail will be: username.name@edu.unito.it.

To access the new UniTO EDU e-mail service, log in with the same credentials used for the other online services of unito.it.

Remember that all university communication will be send to these adress, so check it often!
Tutoring is a service offered and carried out by the academic community in order to reduce dropout rates and delay in studies and to promote fruitful active participation in university life in all its forms.

Some of the activities are offered with the contribution of selected students in a peer to peer mode: e.g. organization of courses, study groups and extra-curricular training activities.

Notice that not all Courses has their own active group.
The university offers students the opportunity to engage in **part-time paid collaboration activities** at the university facilities.

To access this opportunity, it is necessary to participate in the **annual call** for applications.

The maximum duration of collaboration is **200 hours**. The call for applications provides information regarding requirements, application procedures, selection criteria, the publication of rankings, and compensation.

**Get access to your personal MyUniTo account:**

*myunito*
The University of Turin recognizes and values deserving students and supports university research by awarding scholarships, which you can find in the dedicated section on the MyUnito website.

Get access to your personal MyUniTo account: myunito
Erasmus study mobility allows students to spend a period of study at a partner institution located in a Programme Country or a Partner Country with which the University of Turin has signed a bilateral agreement.

Get access to your personal MyUniTo account:
The **STUDENT ADMINISTRATION OFFICE** deals with matters related to purely administrative processes.

**Location Health Profession student registry offices**
Via Rosmini, 4/A - 10126 Torino.
Phone number: +39 0116709900
E-mail: segrstu.sanitarie@unito.it

**Location Medicine Center student registry office**
Corso Massimo d'Azeglio, 60 - 10126 Torino.
Phone number: +39 0116709900
E-mail: segrstu.chirurgia@unito.it

Get access to your Campusnet account of your course of study in the section “Organizzazione” and find “Contatti”.
The **STUDENT OFFICE** deals with issues related to teaching: course management, exams, graduation sessions, and Edumeter.

Get access to your Campusnet account of your course of study in the section "Organizzazione" and find "Contatti".

For the Health profession degree programs there is also the role of a coordinator who organizes the activities of the degree program.
The Orientamento, Tutorato e Placement (OTP) section deals with orientation days, admission procedures for the School of Medicine’s degree courses, part-time collaboration exams, promotion of tutoring services, traineeships and job orientation.

Mail: otp.medtorino@unito.it - tel 011 6705498
